

Academic Support Program

Assalamualaikum

Welcome to the Des Plaines Hifz Institute. Inshallah, your student will achieve the mastery of memorizing the holy Quran efficiently and for life here at the Islamic Community Center of Des Plaines (ICCD). Ameen.

(ICCD) and the Des Plaines Hifz Institute have together formed an Academic Support Program (ASP) to provide a dosage of Math, Reading, Writing, Public Speaking and Sciences one afternoon each week.

The curriculum has been customized from the neighboring public & private schools to fit the individual needs of each student.

We highly encourage you to consider enrolling your son in the ASP program now to give him the educational development (while performing hifz) to later resume his full time secular studies swiftly. We also enroll in the annual Standardized tests as one form of assessment to gauge progress and alhamdulillah we have seen tremendous growth in student achievement each year.

The class is taught by a certified experienced teacher and overseen by a qualified administrator. The program has a nominal fee of \$100.00 per month with no additional book or material costs. Please contact Salma Ahmed at (847)208-0154 or Elma Haliti (847)845-5668 to request a visit or for any further information.

We look forward to meeting you with your student!

Jazakallah Khair

Salma I. Ahmed
